Public participation Members of the Public were invited to inform local policing of antisocial behaviour and dangerous and reckless driving at the Recreation Field. Officer Rawle advised that residents have not been informing Police therefore they are unable to attend or prioritise manpower. Numerous allegations were noted and local information garnered will be investigated however every occasion needs to be reported to support the PCSO in making the area a priority. Two officers for our area are Amanda Barnet 2108 and Alicia Clayton 7663 and they were not on shift this evening so unable to attend but Officer Rawle will pass on the information. There is an apparent issue with public bridleway across the field from Marsh Lane being overgrown and effectively now blocked.
