Helen Munn – Wished to address the Ward Councillors about the dangerous traffic at roundabout as the grass is so high – not acceptable that Councils want to hand back responsibility of island etc. HM also stated that the Barnetby in Bloom group efforts to make the village look nice seems a waste of time as the entrance to the village is a disgrace.

Cllr Lawson Proposed that the 1906 /012 to take before 1906/003 Ward Councillors report so this matter can be discussed.

WB – in relation to the Barnetby In Bloom work and best kept village, WB wished to ask if the Parish Council would take action on the appearance of property in the village.

Clerk advised that this would not be some something that the Parish Council could support and possibly seek further advise from North Lincolnshire Council

Ward Cllrs agreed that this matter should be dealt with via official channels of North Lincolnshire Council

Date 15 July 2019

Cllr Lawson explained that issues have been raised about the dangerous traffic and near misses at Barnetby Top Roundabout. Further issues have been raised that cars cannot see for high grass, yet lorry drivers have a view over the shielding thus encouraging them to continue onto the roundabout at speed.

Accident prone areas are the approach out of the Petrol station and the Hull exit as people do not give way. Needs to better traffic management.

18:31 meeting closed to allow Public to speak, 18:32 Re-opened.

Cllr Mick Wilson expressed that these issues have been going on far too long, the PC have not heard anything official from NLC about the site visit in January.
