**Parish Councillor Questions:**

Cllr Lawson MBE - Meeting referred to was prior to the recent PC meeting, we have been effected by heavy downpours since that meeting, NLC response to the Parish Council request for a futher meeting was met with concerns to why we required a meeting with the flood team, prior to the planning committee meeting on 18<sup>th</sup> December 2019.

Cllr Lawson MBE continued to express concerns over the flood risk for Barnetby and PA.2019 1454 - Pump handles 173,000 per hr on average runs at 60% peaked at 90%. New application will put two more houses on it. There is still water on woodland view, in woodland view the dry pond is still not dry. Pipe is still too low. Still water coming out of the Keigar builders sump.

Keigar information on the application form states it is not on flood plane – Cllr Lawson MBE expressed that Barnetby Le Wold is a flood Plane area.

2 parishioners that have been to R Waltham offices are very very concerned in the builders ability to put a system that will support the flooding issues.

Cllr C Sherwood advised that the outcome of the meeting held with the residents, stated they are happy with the information they are being told.

Cllr R Waltham MBE summarised that the outcome, the application is not yet determined and intived Cllr T Lawson to a discussion with North Lincs Officers prior to the planning committee

Cllr Waltham agreed to set up a Joint Conversation to be held on 17 December 19.

Cllr M Wilson asked what the officers recommendation – Cllr Waltham advised it is to grant full permission but with a range of conditions assigned to it.

Cllr K Beacroft – Enquired about outstanding works – Update from Clerk given.

**1912/005 Approval of Full Parish Council meeting minutes held on 18 November 2019**

Cllr Lawson requested Amendment to wording 1911/012 item F.

Proposed Amendment –

*If the Barnetby in Bloom Group obtained further grants they could spend these without seeking permission.*

Seconded and Resolved to approve with new amendments

**1912/006 Chair's report**

Cllr P McKenzie – Brown advised that he attended standards meeting 27 Nov 2019

**1912/007 Clerk's report**

Resolved to Approve

**1912/008 Planning for consideration**

No Items

**1912/009 Planning for noting****a) PLANNING COMMITTEE NOTICE 18 DECEMBER 2019**

PA/2019/1454

Signed

Date

27/1/2020.

Planning permission to erect 23 dwellings with associated driveways, new access road and public open space, Land off Victoria Road, Barnetby le Wold, DN38 6HP

The application detailed above will be considered by the Planning Committee at the meeting on 18/12/2019 which will be held at Church Square House, 30-40 High Street, Scunthorpe, DN15 6NL starting at 2pm.

Cllr Lawson MBE – Expressed points made earlier in relation to the high flooding risk with this proposed development, Cllr Lawson MBE explained the amount of water coming out pump is under pressure from water coming from the field. Water table is further up than NLC think it is. 60% of time the pump is on 5mins on 3 mins off on a float which does not alert anyone, build up with no back up.

**1912/010 Finance update and payments**

- a.) Parish acct payment schedule as attached – Resolved to Approve
- b.) Recreational Field account payment and overview – Resolved to Approve
- c.) Any transfers of money required from the Parish Account to the Recreational Field - None

**1912/011 Correspondence or Items for noting**

No Items

**1912/012 Correspondence or Items for action / discussion**

Cllr Lawson MBE proposed amendment to the agenda to discuss items relating to PA/2019/1454  
Motion Passed

- a) Further Discussion PA/2019/1454

Cllr Lawson proposed that the Parish Council send an urgent letter for attention of the Planning Committee expressing that have changed since the Parish Council placed a neutral stance decision in Sept 2019.

Changes in climate saw 2 severe downpours of water – current system has not been able to cope, evidenced by the water being bowsered away.

Until Barnetby Le Wold has a safe effective current working system we would not want to put any further pressure on the without an ineffective system, by the additional two properties.

1 in 100 year event TWICE put the current system under considerable strain, RW alluded to that fact in 1995 there was no condition to provide any drainage, builders complied with the recommendations. Proposal to send a letter to NLC expressing recommendation that the planning committee not to pass any further planning until the current system is repaired – with a further recommendation that any gravity fed drainage system must be of a nature that is self-cleaning.

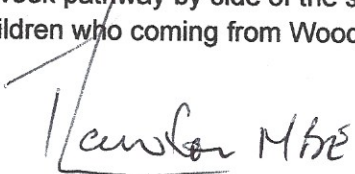

7 voted in Favour

Resolved to Approve

- b) Changes to Bin Collections Over Christmas – Resolved to Approve
- c) War Memorial Maintenance – Re-letter on the war – memorial – Clerk to seek quotations
