2101/003 Ward Councillors Report

- a) To receive North Lincolnshire Council Ward Councillors Report

Cllr N Sherwood informed that Cllr Waltham sends apologies for this evening as he is supporting the Vaccination Programme.

For Barnetby Le Wold residents they are informed that the vulnerable are receiving the vaccinations.

In response to the Flood Alleviation Scheme Questions, Billy Green is in the process of going through it line by line and getting all information together to build a in depth response – timescale is hoped to be as soon as possible, however due to current weather and flood alerts efforts have been focussed to other priorities this week.

Brigg Library is operating a Click and Collect service due to the lockdown 03.

- b) To consider any questions or actions arising from the Ward Councillors Report.

Cllr Lawson MBE – Question to Ward Cllrs

There is a lot of upset in the village about what is happening [flooding risk] in the Woodland View, from the information we have been told the pumping capacity in the area has gone from 38 Litres per sec (LPS) to 25 LPS, the new Keiger proposed development has taken 10 LPS from the pumping capacity of 25.

Which then leaves only 15 LPS for Woodland View / Chestnut Grove area.

From the FOI response we received it stated there are 2 pumps. 2 pumps are the equivalent of a possible 80 LPS each in total there is a max pumping capacity of 160 LPS. Why have 80 or 160 LPS capacity but only allow 25 LPS into Skegger Beck?

Cllr N Sherwood wanted it to be recorded at this point that as chairman for the NLC Planning Committee he did not take part in the response.

However noted that the Ward Councillors are not made aware to any planning applications and each application is decided upon in it own merit at the planning committee.

Cllr C Sherwood - Is it because we have 2 pumps that planning has been approved

Cllr Lawson MBE challenged that on 15/07/2020 we are led to believed that the pump was changed not been confirmed, there is no credibility in the drainage team.

Cllr B Baker stated It was agreed that Ward Councillors were to send a letter to residents to hold a public meeting on 3rd week of January. We want some assurances for the residents

Cllr C Sherwood and Cllr N Sherwood advised residents to contact the ward council directly if they have any concerns.

The responses to the questions will be sent once all the answers are devised then a meeting will be called.

Cllr S Knill addressed the Ward Councillor about greater detail on Keigar Drainage – one household in Woodland View is wondering why the pipe hasn't been fitted so any backwater and weir plate to be fitted – not fitted yet. Quite crucial

Cllr T Lawson MBE responded about the old system re-surgng soakaway there was a connection in the proposition for the dry pond – Billy Green said would put it on the plan to re-lay a new connection – the weir plate measures the flow – are we going to use the Dry Pond. It is getting time that that we get the sweeper that goes down to do the block paving –

Cllr N Sherwood confirmed that the re-connection it is on the cards and he will follow up with Billy Green for a completion date.

2101/004 Minutes - To consider the approval of Full Parish Council Meeting minutes held on 21 December 2020

Resolution – The minutes were duly approved, due to COVID 19 minutes are unable to be signed at present.
